

**Drawing on information from your daily life, what sustainability action points would you prioritise?**

Include no more than ten key ideas and justify your choices. Use accompanying information from the FT and other sources.

This resource will be useful as a starting point. [Carbon counting: how much do your lifestyle choices cost the planet? \(ft.com\)](https://www.ft.com/content/1db76427-fbd8-498c-9f27-7e6427cad43f) <https://www.ft.com/content/1db76427-fbd8-498c-9f27-7e6427cad43f>

Carbon cuts: choosing to live in an environmentally sustainable way often requires trade-offs © Istvan Banyai

### Guidance

- A clear essay or [ArcGIS StoryMap](#) which is well-evidenced and reaches a clear conclusion
- Submissions that do not exceed 1,000 words (excluding references)
- Referenced sources of information and data
- Submissions which are the entrant's own work and relevant to the question and guidance.
